ABSTRACT

Esport Madness

Javier Suárez - a14javsuaarc@inspedralbes.cat - Oscar Ortega - a18oscortsol@inspedralbes.cat

Esport Madness is a website dedicated to electronic sports. It was created in 2020.

It was designed with a certain purpose: competing against other people in order to create the best possible teams from different leagues. Esport Madness assesses ourselves. That means that we can discover how our knowledge is while we are watching the highest competitions, or even regional leagues.
